THE ORIGINAL GEL INK

ABOUT SAKURA

To be human is to be uniquely creative. We have a drive to create—new ideas, stories, products, art, and more. While technology will change the way we live, only we as humans have the particular ability to imagine and unlock possibility. At Sakura of America, we foster this incomparable human capability to think, dream, experiment, and connect.

We know everyone is capable of creativity. This trait is within everyone, not just select people. Whether you are using our products for artwork, expression, problem solving, storytelling, or organization, creativity is at the core—allowing us to connect with ourselves and with others. We believe if you foster your creative abilities, you can reach your full potential.

We encourage people to take a moment to explore how creativity unlocks new perspectives, self discovery, and human connection.

Sakura—A world of possibility powered by human creativity.

CLASSIC™

These creamy, colorful Gelly Roll® gel ink pens will be your favorite flavor for letting thoughts flow onto paper. This gel ink is archival, waterproof, fade resistant, ideal for wherever permanence is important.

CLASSIC WHITE

The opaque white ink stands out on dark and colored papers and makes highlights pop in illustrations and comics. Use it for handlettering accents, party crafts, layered on top of colors for mixed media and bright highlights in tonal drawings. Elevate your art to another level using the range of thick and thin lines, small detail and unique bold marks.

METALLIC™

Gelly Roll Metallic's shiny, polished colors write on both light and dark papers as well as glossy and matte surfaces. Sakura's archival quality gel ink ensures that your work (and the metallic sheen) will last for years.

MOONLIGHT® 06 & MOONLIGHT® 10

In both fine and bold nib sizes, the Ice Cream Smooth™, opaque ink is perfect for writing in journals, decorating cards, pattern drawing, or detailed accents. Bold 10 nib is ideal for coloring and creating paint-like effects and the fine line 06 nib allows for the ink to dry with very little wait time, minimizing the risk of smearing. All colors are bright on white paper and produce outstanding effects on quality black paper.

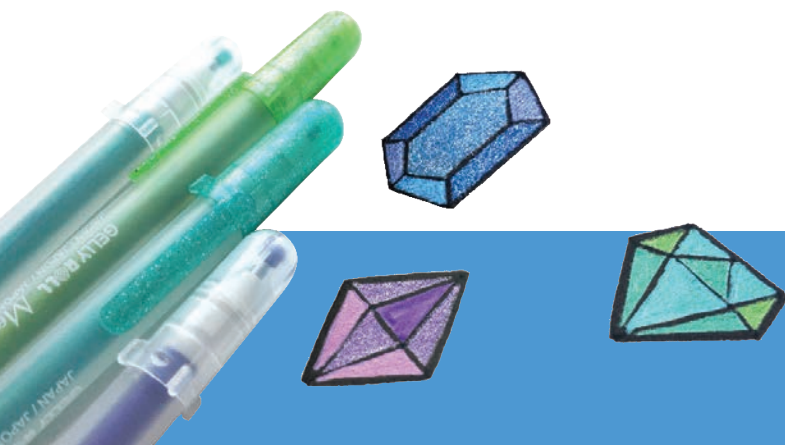

GOLD SHADOW™ AND SILVER SHADOW™

Gelly Roll Silver Shadow and Gold Shadow writes in either metallic silver or gold with a brilliant colored border. Add a little magic to your writing with this elegant, shimmery gel ink that is perfect for events, invitations, handmade cards, lettering, and drawings. For the best results, use on bright white, fiber-based, porous papers.

STARDUST®

Stunning Gelly Roll Stardust captures the sparkle and glitter of stars to create unique effects in your art or handwriting. Use it for highlight or special details. Stardust Clear offers crystal clear gel ink blended with glitter to allow pure sparkle writing and embellishment. For the best results, use Stardust gel ink on light colored or matte paper surfaces.
